Band

LAUGHREY CONNOLLY

Acoustic Music

Laughrey Connolly is an acoustic guitar duo comprised of Christopher D. Laughrey and Lawrence C. Connolly, accompanied by Duane Davis on bass and Lee McGinn on percussion. The group specializes in traditional to contemporary folk and Celtic songs, and instrumental guitar music. They combine performances of original compositions with covers of music by well known singer/songwriters and original arrangements of traditional Celtic music. *Laughrey Connolly* originally formed in 1970 as Christopher Lawrence, an active duo on the Pittsburgh folk music scene of the time, and later opened for well-known acts such as Seals and Croft, Kenny Rogers, Jonathan Edwards, and even the James Gang. After a 28-year hiatus, the two friends joined forces again in 2004. They regularly play western Pennsylvania venues as diverse as Paddy's Pour House, Mullaney's Harp and Fiddle Irish Pub, Starbucks, Cefalos, Atrias at P.N.C. Park, The Firehouse Lounge, Café Bliss, and Calliope's Threepenny Opry series. Special appearances include The Pittsburgh Irish Festival, the Allegheny County Memorial Day Parade, the Celtic Circle songwriter's workshop, and special functions of the American Order of Hibernia. They perform annually at the Samhain celebration hosted by the Echos of Erin radio show. In 2006 the band joined the lineup for the Andy M. Stewart tribute cd, *It's All In The Song*, and Recognition Night show. *Laughrey Connolly* released their first cd, *Home from the Field*, in July 2005 and a new cd, *Two Seas*, in August 2006.

WHAT IS THE PAPG?

PAPG is a non-profit organization founded in 1984 to provide a forum for Petroleum Geologists in the Pittsburgh Area to meet socially and discuss technical topics relative to the exploration and development of reserves in the Northern and Central Appalachian Basin. PAPG is an affiliated association with AAPG (American Association of Petroleum Geologists) and has representation in the House of Delegates. Educational opportunities are provided via field trips, seminars and AAPG Sectional meetings, sponsored solely by PAPG or in conjunction with the PTTC (Petroleum Technology Transfer Council), PGS (Pittsburgh Geologic Society) and SPE (Society of Petroleum Engineers).

Although PAPG is predominately a geologic organization, numerous industry professionals including geophysicists, engineers, lawyers and landmen are among PAPG's members and find the interaction at meetings and educational opportunities beneficial to their professions. PAPG also encourages student membership and participation.

Meetings are typically held monthly from September through May in locations within 50 miles of downtown Pittsburgh. From time to time, meetings are held in conjunction with SPE and PGS.
